Groovy Bed From Hollandia International

Luxury sleep system manufacturer, Hollandia International, has a great looking new bed in their range: the [Gravity Zero](#) Groove (Music Power Bed in Europe). This has all the features that you would expect from a high end bed, four joint adjustability. Two sleep system motors, two massage systems with twelve massage programs, Talalay Latex mattress, matched pillows and pneumatic hand control. Did I mention the 150-Watt sound system that they have built into this thing.

No word on price, but considering their other beds range from \$10,000 - \$50,000 you know that you are going to be paying for the pleasure.
